Ans. _____

Q3. Why do we wear woolen clothes in winter?

Ans. _____

Fibre to Fabric

Q1. Write two advantages of natural fibre and synthetic fibre.

Ans. Natural Fibre

1. Natural fibres absorb more water.
2. They are biodegradable.

Synthetic Fibre

1. They are durable.
2. They are wrinkle free. They are used to make spacesuits, swimsuits and fire resistant suits.

Q2. Write two disadvantages of natural fibre and synthetic fibre.

Ans. Natural Fibre

1. Natural fibre are less durable
2. Natural fibres are costlier.

Synthetic Fibre

1. They are non-biodegradable.
2. They do not absorb sweat.

Q3. Why do we wear woolen clothes in winter?

Ans. Woolen fibers trap the air in between. This air prevents the flow of heat from our body to the cold surroundings. That's why we wear woolen clothes to keep ourselves warm in winter.
