Q1. What are some of the pressures that boys experience?

Ans. Some of the pressures that boys experience are:

- i. Boys at an early age are encouraged not to cry in front of others.
- ii. They are also teased and bullied if they do not behave like other boys.
- iii. Boys are pressurised to think about getting a job that will pay a good salary.

Q2. Why does government of India conduct census every 10 years?

Ans. India has a census every 10 years, which counts the whole population of the country. It also gathers detailed information about the people living in India – their age, schooling, what work they do, and so on. We use this information to measure many things, like the number of literate people, and the ratio of men and women.

Q3. What is Sultana's Dream about?

Ans. This story imagined a woman called Sultana who reaches a place called Ladyland. Ladyland is a place where women had the freedom to study, work, and create inventions like controlling rain from the clouds and flying air cars. In this Ladyland, the men had been sent into seclusion – their aggressive guns and other weapons of war defeated by the brain-power of women.
