Diversity and Discrimination

Q1. "Some people may experience both kinds of discrimination." Explain the statement.

Ans. Some people may experience both kinds of discrimination. They are poor and they belong to groups whose culture is not valued. Tribals, some religious groups and even particular regions, are discriminated against for one or more of these reasons.

Q2. Despite the children offering money the cartmen refused them. Why?

Ans. Children belonged to the mahar community, which was treated as untouchables in the Bombay Presidency. Though children were offering money but the cartmen refused to carry them because not one of cartmen was prepared to suffer being polluted and to demean himself carrying passengers of the untouchable classes.

Q3. Differentiate between inequality and discrimination.

Ans.

Inequality	Discrimination
1. Inequality is the difference in social status, wealth, or opportunity between people or groups.	1. Discrimination means treating or considering, or making a distinction in favor of or against, a person or thing based on the group, class, or category to which that person or thing belongs rather than on individual merit.
