Rural Administration

Q1. What is Khasra record? What it tells?

Ans. The Khasra record of the Patwari gives information regarding the map of land. It identifies which plot of land is owned by whom.

Q2. How does a Patwari measure an agricultural field?

Ans. The Patwari usually has ways of measuring agricultural fields. In some places a long chain is used to measure an agricultural field.

Q3. What is the need of Ration Cards?

Ans. A ration card is issued by a government to allow the holder to obtain food or other commodities at subsidized rate.

Q4. What is 'Tehsil' or 'Taluka'?

Ans. For managing matters relating to land, districts are further sub-divided. These subdivisions of a district are known by different names such as tehsil, taluka, etc.

Q5. Why was Mohan worried about picking a quarrel with Raghu?

Ans. Mohan was worried about picking a quarrel with Raghu because Raghu's family owned many fields and besides, his uncle was also the Sarpanch of the village.
