Ans. _____

Urban Administration

Q1. Who takes care of street lights, garbage collection, water supply, keeping the streets and the market clean in big city?

Ans. There is a big organisation called the Municipal Corporation that takes care of street lights, garbage collection, water supply, keeping the streets and the market clean.

Q2. The work in the city is divided into different departments. Write few departments of the Municipal Corporation.

Ans. The work in the city is divided into different departments. So there is the water department, the garbage collection department, a department to look after gardens, another to look after roads.

Q3. What was suggested by Ward Councillor to Gangabai?

Ans. He asked Gangabai to get a petition signed by all of the adults in the locality saying that garbage was not being collected. He suggested that taking the local sanitation engineer with them the next day might be a good idea.

Q4. When do the local people contact their councillors?

Ans. When the problems are within a ward then the people who live in the ward can contact their councillors. For example, if there are dangerous electrical wires hanging down then the local Councillor can help them get in touch with the electricity authority.
